ABOUT ME

I have interest in front-end development but I am Full Stack Web Developer and I am courteous and enthusiastic, I am interested in IT and everything in its orbit. I have good communication skills I have knowledge of JSON,XML, DOM manipulation I recently began to be fascinated by web programming, e.g. developing apps and building websites. I gave experience of NPM modules and I have knowledge of databases. As this area complements my studies, I am keen to gain more experience in the field. For this reason, I am looking for a company willing to offer me a placement among their developers. In return, I would offer my full commitment, and be a pleasant and friendly addition to your team.
